

LOV

**12. INTERNATIONAL
HUNTING AND FISHING FAIR**

8. – 10. 4. 2022

Gornja Radgona, Slovenia

IN LOVE WITH NATURE!

HUNTING FOR A GREEN FUTURE

The current health crisis, which is also the result of irresponsible environmental management, has brought new insights and a demand for a more respectful treatment of nature. The best answers to natural future issues will certainly be given by the 12th International Hunting and Fishing Fair in Gornja Radgona from 8. to 10. April 2022.

For three days the Pomurski sejem exhibition ground will be a meeting place for hunters, fishermen, nature lovers and sustainable tourism, who will visit their biggest fair holiday at the crossroads of Slovenia, Austria, Croatia and Hungary. Together with the most important hunting, fishing, canine, forestry as well as tourist and nature conservation organizations, the question on how to survive and to live to the full together with nature will be answered.

For more authentic socializing with an unspoiled environment, visitors can be equipped with new innovations as well as with clothing, footwear and vehicles for hunting, cynology, fishing and other outdoor activities from the wide variety of sales offers.

They will be linked by professional, social, competitive and culinary events.

The 6th International Fair for Green Tourism and Living NATURO will complement the event with ideas, products and guidance for rambling in nature, activities and places to stay. And since the care of technical heritage is an important part of sustainable tourism, an indispensable part of the fair will be an exhibition of vintage vehicles "AUTO-MOTO CLASSIC".

The future can only be green. You are cordially invited to fulfil a common mission by achieving sustainable business goals.

Janez Erjavec,
President of the Management Board

LOV
